

How can I inspire my students to be nicer to each other?

With all our learning about Middos, why aren't things getting better?

How can I get girls to include students that are left out without making them a "chessed case"?

**Don't you wish you could
make this all happen??
Together we can!**

Introducing...

THE MIRROR MESSAGES WORKSHOP

The Mirror Messages Workshop gets to the root of why girls will inflict pain on others & helps to start changing the dynamic!

Mirror Messages is a 1 hour experience that dives into creating a sense of self & teaches girls to then turn that learning outward. It opens up a new way of thinking & speaking about self worth, friendship & kindness.

**To book your workshop contact the
